VOTUM TENERÆ JUVENTUTIS
PRO REGIA INCOLUMITATE

O D E.

E Cura tangit siqua Diespiter,
Eheu! inulti Sarmatidum soli!

Si Regna, Mortalesque Turmas,
Et fragilem miseraris Orbem.

Auram Juventæ da facilem Sator;
Ornasti &, apto Quem Diademmate,
Regnare Nostrum da Parentem,
Incolumem, Stabilemque, Genti.

Nam Tu Trionum sydera & algidos
Compescis imbres, pilaque temperas
Mavortis, atque iram frementem
Quæ Patrios inimicat agros.

Cui Pectus inum Sanguine ter probo
Tinxit JAGELLO, Rex Pius imperet;
Longasquæ tandem, non inermi
Det Populo ferias Lecheo.

Ceu alta, campis quæ mediis nitet

Arbos, diurnis æstibus in via,

Tellure, vitales perennesque-

-E propria, repetat vigores

Nostrumque, cavis frondibus arduus

Tutetur agmen, non secus ac leves,

Ad grana quæ circum feruntur,

Persimiles nivibus palumbes.

Nos chara piis pondera Matribus,

Tantò, Triformis Rex Superum, bonò

Si forte longævus, beâris,

Centum hilares feriemus agnos,

Agnas &, æquo vellere splendidas;

Myrrhâ calentes ac totidem super

Ponemus aras; Te canora

Voce, Lyra, & Lituo sonantes

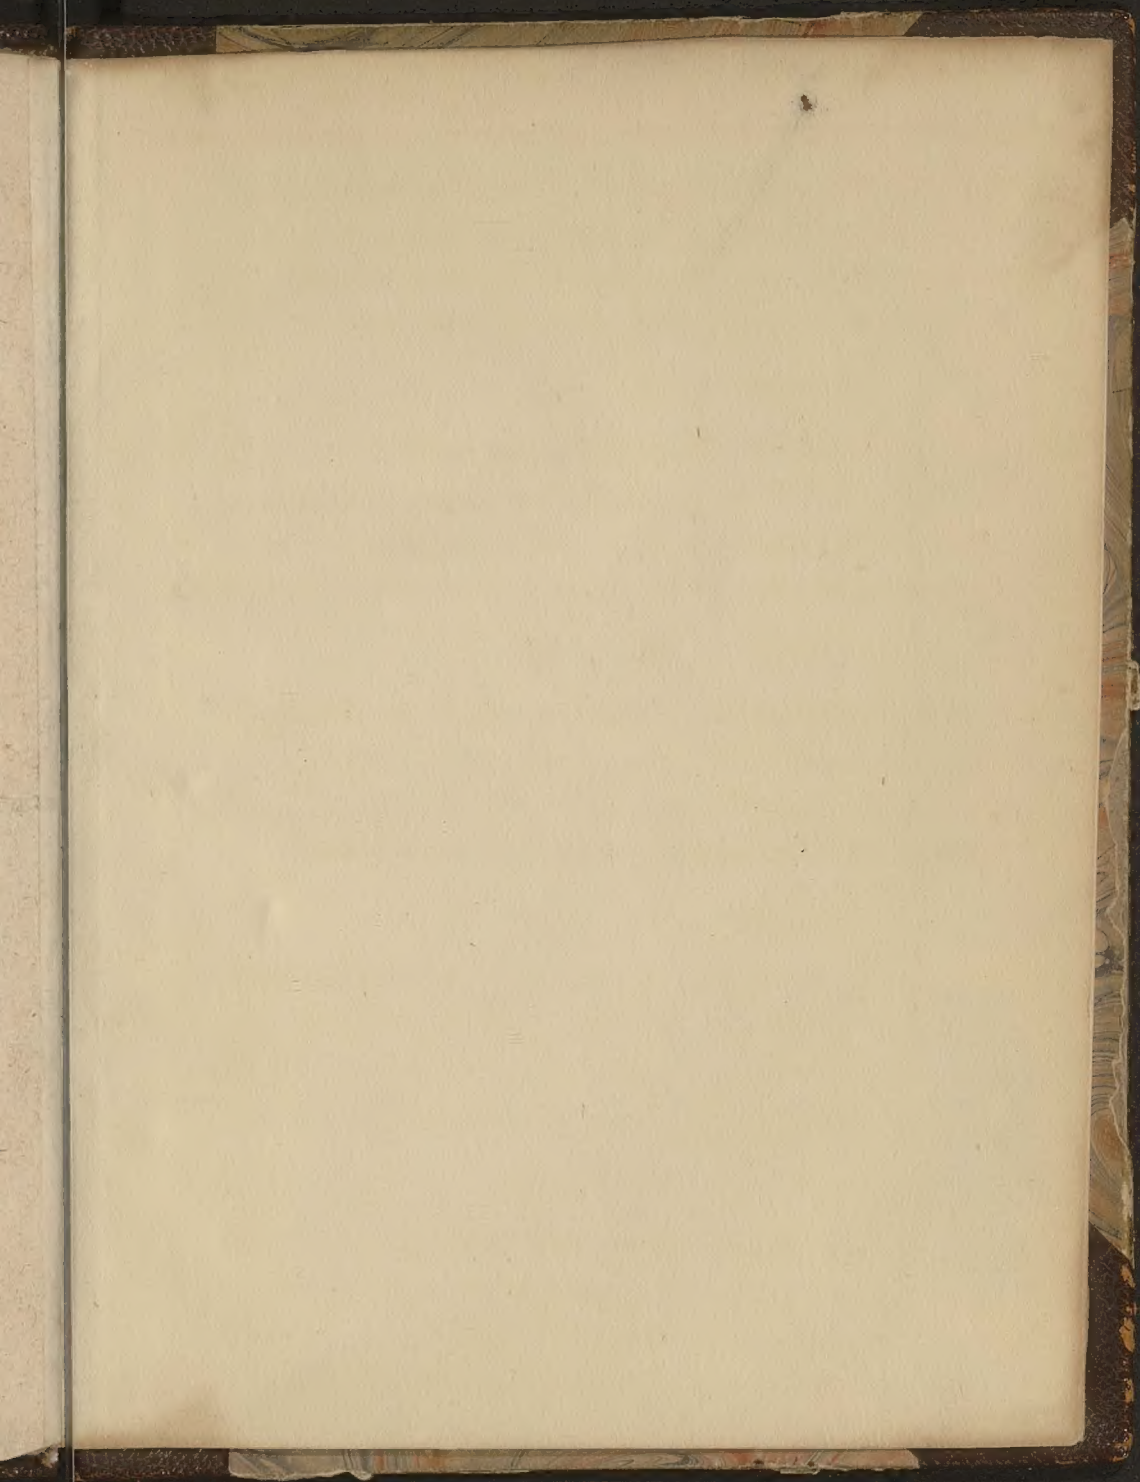

Ostro coruscum, des modo, Principem

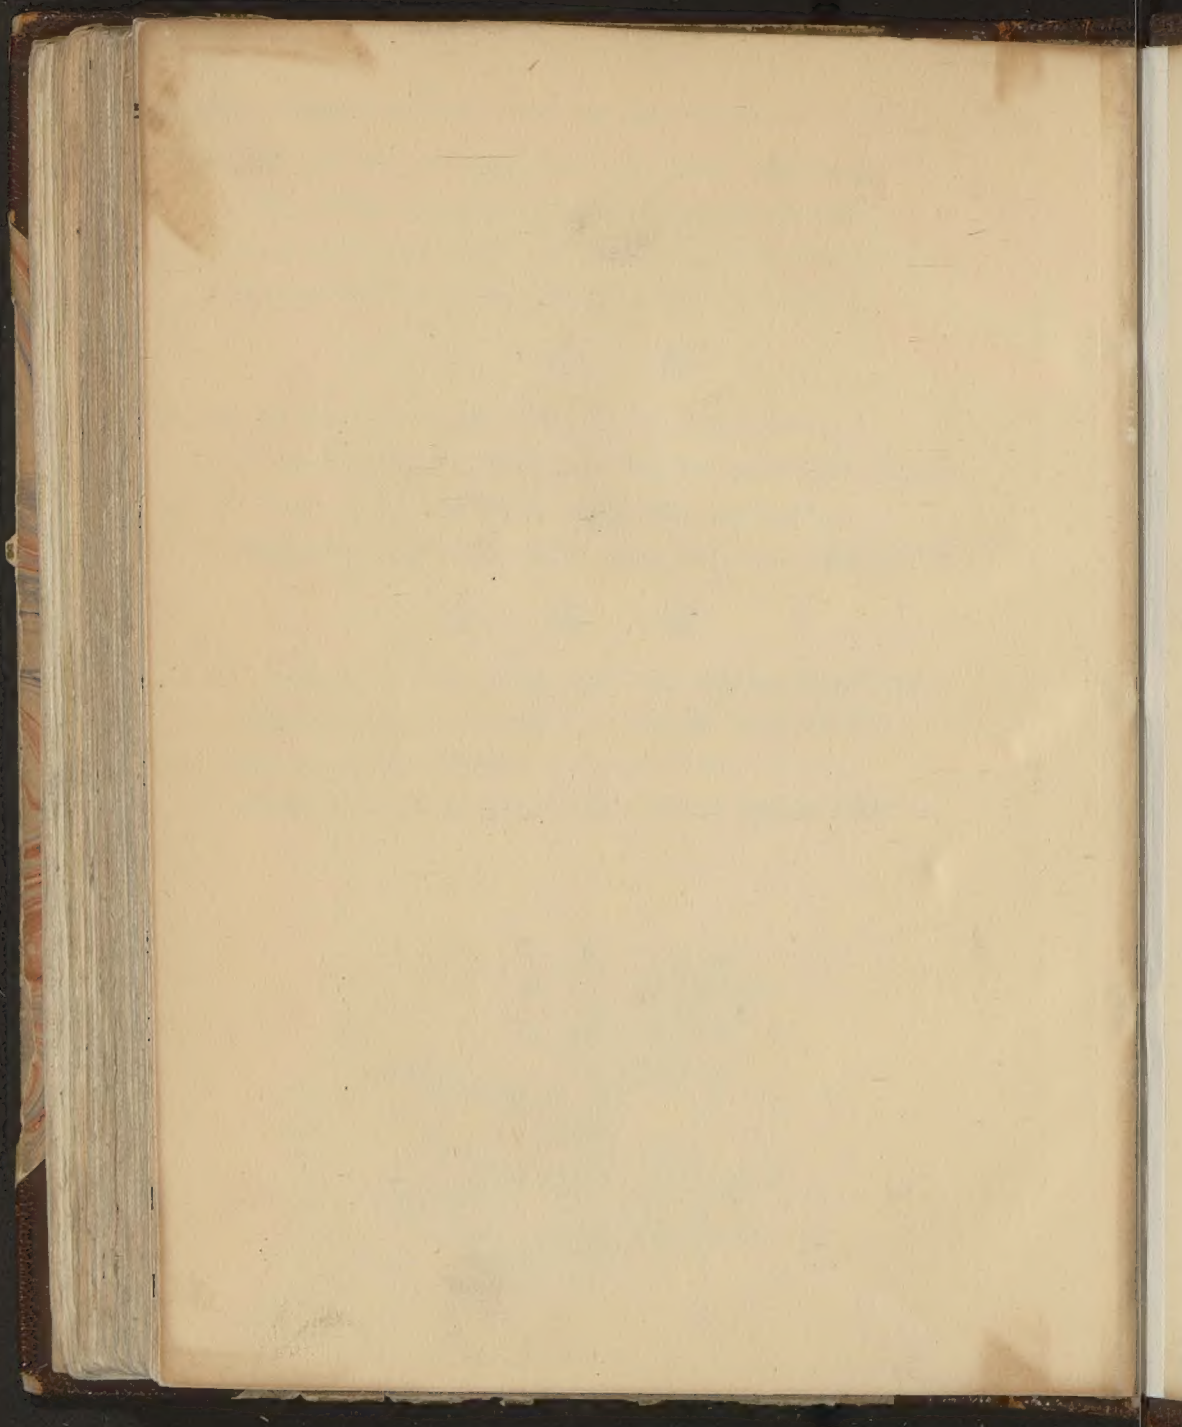

Delectet Gentis pax, amor, & fides

Intacta, neu cernat Polonos

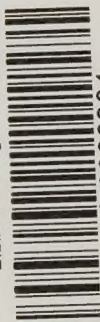

Exiguus equitare campis.
